- ▲ **Batch Processing**
- ▲ **Exporting to QuickBooks or Peachtree**
- ▲ **Single User License***

* Price includes annual licensing for a single user. Additional users can be added (up to 15+), but may impact the annual licensing fees.

Software Feature Description:

Quote Automation: Full customer level quoting functionality.

Order Processing: Create and enter customer info, select products, confirm pricing and generate an order.

PO Generation: Automated purchase orders that can be faxed or sent electronically to your vendor..

Retail Products Supplied: All Manufacturers' products from the Master Product List are included in the Software. Product categories, lines, pricing, options, validations, and pictures are included and maintained by Solatech for our customers.

Price Compare: Enables cost comparisons of different products, i.e. Cost of a wood blind (at product, style, or option level) vs. a cellular shade (at product, style, or option level) .

Mail Merge: Merges outgoing mail. Solatech customer info can be placed into Excel or Word to create sheets of mailing labels or other documents.

Order Entry Email: Ability to send Invoices, Order Confirmations, Packing Lists, Installer Forms, etc. via email direct from the Order Entry Screen or Batch Process screen to customers.

Batch Processing: Used to process or print multiple orders at a time and to generate Invoices, PO's, Order Summaries, Packing Lists, Installer Forms, Work Orders, Production Labels, etc.

Exporting to QB, Peachtree, or Mas90: A feature that transfers PO's, Invoices, Orders, customer Info, etc info QB, Peachtree, or Mas90; eliminating the need to re-enter into your accounting program and mess with paperwork.

Product Designer: Software tool used to add new or modify supplied window treatment products, styles, options, pricing, and more, add your own lines into Solatech, or modify those we supply.

Annual Licensing Fee: Yearly billed amount that reflect the number of licenses or users using the Solatech Software within a company. This amount includes technical support calls, on-line training sessions, free software upgrades, and product maintenance.
