Software Feature Description:

Quote Automation: Full customer level quoting functionality.

Order Processing: Create and enter customer info, select products, confirm pricing and generate an order.

PO Generation: Automated purchase orders that can be faxed or sent electronically to your vendor.

Retail Products Supplied: All Manufacturers' products from the Master Product List are included in the Software. Product Categories, lines, pricing, options, validations, and pictures are included and maintained by Solatech for our customers.

Price Compare: Enables cost comparisons between two products of your choice. I.E., Comparing the cost of a particular wood blind vs. a particular cellular shade can generate 3 unique quotes for a room or entire house in less than 5 minutes.

Mail Merge: Merges outgoing mail. Solatech customer info can be merged into Excel or Word documents to create sheets of mailing labels or other form letters.

Annual Licensing Fee: Yearly billed amount that reflects the number of licenses or users using the Solatech Software within a company. This amount includes technical support calls, on-line training sessions, free software upgrades, and product maintenance.
